The program should be well-balanced including jumps, spins, connecting moves, gliding maneuvers, etc.

Skaters who have passed the traditional ISI Freestyle 1-10 tests are not required to take any additional test to compete at the equivalent level of Open Freestyle events.

Skaters who have passed tests from other skating organizations are only required to take the equivalent level test to compete at that level, In some cases, skaters will have to also test to move up to a higher Open Freestyle level - based on their current program content.

Open Freestyle event judging criteria includes Correctness of Jumps, Correctness of Spins, Correctness of Turns & Edges, Variety of Moves, Music Interpretation, Posture, Choreography & Pattern, Presentation, Duration and General Overall.

PRE ALPHA - DELTA SOLO

Skater performs a one-minute program routine to music that emphasizes the required test level maneuvers from Pre-Alpha through Delta. Depending on each test level requirement, specific skating skills must be performed. All skaters must pass the Pre-Alpha - Delta test to compete in this event. Skaters must include one maneuver from Freestyle 1 in their program.

PRODUCTION TEAM (All Levels)

This team event is for groups of 8 or more skaters. Team will be judged on the performance value of the program. There are no required maneuvers and no technical score for this event. The group should use music along with elaborate costumes and props to enhance the theme while creating an entertaining performance. Skaters from all levels can participate in this event. Event entries will be divided in to Small / Medium / Large / Extravaganza categories, as registration warrants.

RHYTHMIC SKATING

This new entertaining event requires the use of one hand-held prop listed below. The program should contain elements that employ the use of the prop throughout the routine. The skater must maintain control of the prop at all times. Props of the same kind (i.e. Ball / Hoop / Ribbon) must be grouped together and cannot be combined for competition event groups.

The skater chooses only one rhythmic prop per routine (ball, hoop or ribbon) and must maintain control of the prop at all times throughout the program. This means the prop must be used by the skater throughout the routine. It can be thrown, bounced or juggled but control should be maintained. The prop should not be put down on the ice while the skater does jumps & spins. No additional props are permitted.

Props are not allowed on the event warm-up. If it is obvious that skater's prop does not meet the following specifications, the panel Referee can determine if any point deduction should be taken.

Choice of One:

1. Hoop - Must be made from wood or plastic (from a rigid, non-bending material). The hoop diameter should measure between 2 feet 7 inches - 2 feet 11 inches. The hoop can have colored tap or fabric to match or contrast the skater's costume, but it cannot have any other decoration (i.e. fringe, lights, etc.) on the prop.
2. Ball - Must be made of rubber or plastic. The ball diameter should measure approximately 7-3/4 inches. The ball must be smooth (without any texture).
3. Ribbon - Stick must be made of wood, plastic or fiberglass. Stick length should be between 20-30 inches. Ribbon material must be one single piece of satin or a non-starched fabric. Ribbon width should be 2-4 inches wide and between 6 feet - 9 feet long - proportional to the size and ability level of the skater.

The Special Skater event is based on the ISI Special Skater test levels 1-10. These tests must be registered with the ISI national office.

Above the Special Skater 10 (Delta) level, Special Skaters can take and pass the test levels in Freestyle, Figures, Couples, Pairs, Dance and Free Dance so they are eligible to compete in those events - along with Artistic, Footwork, Interpretive, etc. If requested, the Competition Director can put special skaters into a separate event group for those events.

SPOTLIGHT SOLO PROGRAM (All Levels)

This is an entertaining & "fun" routine that emphasizes the skater's acting ability and not technical skating skills. There is no score for technical merit in this event. The skater must pass a test for Tots, Pre-Alpha to Delta or Freestyle to determine the spotlight event level.

Spotlight events are divided into three categories listed below. Please mark the correct category on your entry form.

- a) CHARACTER - a famous or easily identifiable character.
- b) DRAMATIC - a theatrical performance that sets a mood and evokes an emotional response.
- c) LIGHT ENTERTAINMENT - an entertaining or light-hearted performance.

Levels	Maneuver Limitations	Duration

STROKING (Alpha - Delta Only)

Skaters compete together in groups wearing colored numbers for easy identification by the Judges. They do only forward stroking in both directions and are judged on posture and correct stroking technique. Crossovers are required and will be judged. This is the very basic skill of skating.

SYNCHRONIZED COMPULSORIES - Formation / Skating

Synchronized Formation and Skating teams must perform 4 or 5 required elements to music, with no additional moves permitted. Teams will be divided by age groups. For details of compulsory maneuvers and program duration limitations, please see the current edition of the *ISI Handbook*

SYNCHRONIZED TEAM - Dance / Formation / Skating

This is a group number for 8 or more skaters to perform in unison. They can incorporate various skating formations such as circles, pinwheels, lines, footwork sequences and dance steps. For complete description of Formation, Skating, and Dance categories, please see the current edition of *ISI Handbook*.

TEAM COMPULSORIES 1-10 (Freestyle Levels Only)

Six skaters (or seven skaters for FS6-10 levels) perform a lively and entertaining routine in which each skater performs one required test level maneuver (in the order listed in the current edition of the *ISI Handbook*). Lively music with entertaining themes, great costumes and hand-held props are featured in this event. Skaters can compete on more than one team as long as those two teams are in different freestyle levels. Skater may skate above, but not below their own freestyle test level.

THEATER PRODUCTION

This new production event is for your entire skating team. Skaters of all ages and advanced ability level can participate in this theatrical team event. This is a creative and artistic program usually based on a story or theme, using costumes, props and technical skating to enhance the production performance.

TOT 1-4

Tots (skaters age 6 and under) will perform a 1-minute program routine with music. They should only perform the required maneuvers from their test level. Additional maneuvers should not be included and will not be judged. 2-foot and/or 1-foot snowplow stops are permitted in Tot events.

All Tot competitors must have their current test registered with ISI to enter Tot competition events. Coaches will be allowed to help the skater on the ice.
